FAQS

Why should I borrow from Mazda Finance?

We calculate your rate based on your credit score and other personal criteria determined by us. This means you can always be sure of a rate that's transparent and tailored to your circumstances. As Mazda Finance is arranged through your Mazda Dealer at the time you purchase your vehicle, it's simple and convenient too.

What term does Mazda Finance offer for their finance products?

We offer loans ranging from 12 to 84 months in length, subject to Mazda Finance policy and approval, with a variety of flexible payment options. We offer the flexibility of weekly, fortnightly or monthly payments.

If I use my car for business, are repayments tax deductible?

Mazda Finance cannot provide business or tax advice. You may need to seek independent financial or taxation advice.

What is Guaranteed Future Value*?

It is the minimum value of your Mazda at the end of your loan term (subject to Fair Wear & Tear conditions and agreed kilometres being met), as determined by Mazda Finance. So, if you decide to return your car at the end of your loan term, you can feel confident in knowing how much your Mazda will be worth to us.

How do you calculate Guaranteed Future Value*?

We calculate the GFV* based on sales results of similar vehicles, as well as economic factors. The GFV* can vary based on your loan term and agreed kilometres.

What happens at the end of my Mazda Assured loan?

With Mazda Assured, you have three options at the end of your loan term:

Upgrade your Mazda – Upgrade to the latest in design and technology. If the trade-in value of your current Mazda is higher than your loan balance, you can put the difference towards your new Mazda.

Keep your Mazda – Keep your Mazda by making the final payment equal to the Guaranteed Future Value*. Call Mazda Finance on 138 500 and we can help you refinance your final payment (subject to lending criteria and T&Cs apply).

Return your Mazda – Mazda Finance will put the Guaranteed Future Value* against your final payment. As long as your Mazda meets the Fair Wear and Tear conditions and agreed kilometres, you'll have nothing to pay.

What is a Mazda Tailored Rate?

Instead of taking a one size fits all approach, we use our sophisticated software to calculate an interest rate based on your credit score and many other relevant factors determined by us such as marital status, property ownership, type of vehicle loan and much more.

Why do we need your credit score?

A credit score enables financial institutions to get a sense of your credit history.

Do I need a deposit?

Mazda Finance doesn't require any minimum or maximum deposit requirements. However, sometimes a deposit may be required for credit reasons.
